THE BENEFITS OF CYCLO-SSAGE THERAPY.

Cyclo-ssage Therapy will alleviate the secondary symptoms often associated with Osteo and Rheumatoid Arthritis. Regular Therapy treatments will accelerate the healing process by increasing the blood flow and bringing nutrients to the affected and damaged areas.

Cyclo-ssage Therapy will stimulate the production of natural lubricants, slowing down further degeneration dramatically, whilst assisting in the drainage of joint fluid swelling in the inflammatory stages. Regular massage will also increase the effectiveness of the muscles that support the joints often resulting in improved mobility and less pain.

Cyclo-ssage Therapy will also relieve muscle spasm, joint pain and stiffness. In the case of joint replacement, regular use of the Cyclo-ssage therapy will assist and accelerate the healing process.

Do you have any customer testimonials?

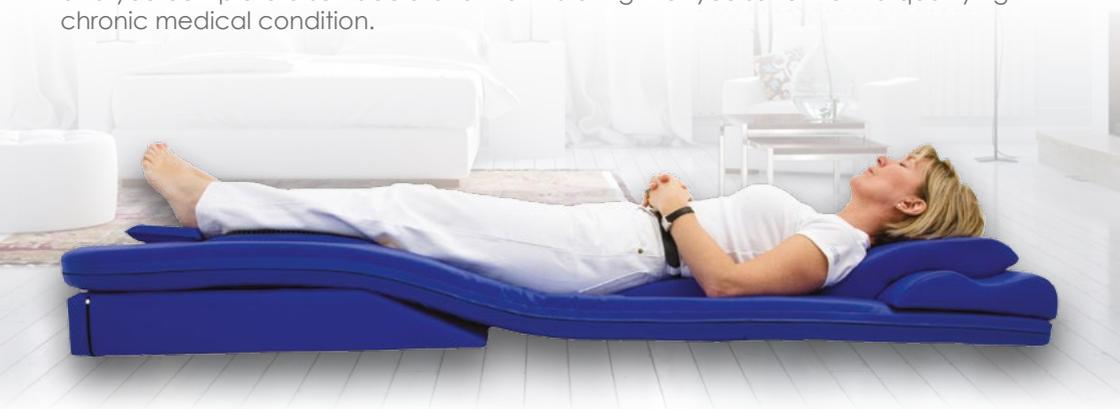

You can view numerous testimonials on our website from medical professionals and customers who have found the system be a viable alternative to prescribed medication including painkillers.

Is it medically approved?

The Cyclo-ssage Therapy System is an approved medical device, designed and engineered exclusively for Cyclo-ssage to the highest possible standards for individuals who suffer from chronic and disabling conditions.

Do I have to pay Vat?

The System can be zero rated for Vat if you purchase the System for your personal use and you complete a self-declaration form stating that you suffer from a qualifying chronic medical condition.

SOME OF OUR MANY CUSTOMER TESTIMONIALS

Just a quick email to say thank you unlike most products yours has done exactly what you told us it would to say that it has made a difference to my life is an understatement. I have ceased taking painkillers, as now I don't need them.

Anne Weaver

I have had my Cyclo-ssage for nearly five years, the best investment I ever made. As a nurse I have lots of aches and pains with musculoskeletal wear and tear, keeps me upright, pain free and working, thank you. I constantly recommend anyone in need to check this out.

Pauline Leslie Edney

I purchased my Cyclo-ssage about two years ago and I would like to express how pleased I am with it. I use it three times each day, morning, noon and early evening, it facilitates my movement and the relief from back and hip pain is wonderful. I cannot imagine life without it!

WHAT HAPPENS DURING A TREATMENT?

NO PRESSURE SELLING

Cyclo-ssage has been established for a decade as a professional and caring company that has a genuine interest in the health of others. You will have the opportunity to personally experience the effectiveness of a Cyclo-ssage treatment so that you can make a considered and informed decision.

YOU AND YOUR CONDITION

Before beginning a treatment you will be asked about your condition and how it affects you personally. You will then be asked to rate your level of pain before, and then again after the treatment has finished. This will clearly establish that the treatment has alleviated the secondary symptoms of your condition.

A 20-MINUTE TREATMENT

A specific therapy programme will be selected to alleviate the secondary symptoms of your particular condition. After a twenty-minute treatment the vast majority of people experience a significant reduction in pain and ache, increased flexibility and a general feeling of well-being and relaxation.
