### What does the term Cyclo-ssage mean?

Cyclo-ssage is short for Cycloidal Massage, a non-invasive multidirectional massage action.

### How does the Cyclo-ssage System work?

This full body, portable massage system uses a combination of 9 cycloidal massage units and 6 infrared heat lenses to help alleviate the secondary symptoms of a variety of health conditions.

### How will the Cycloidal Massage benefit me?

The non-percussive and controllable massage action will increase blood and lymphatic circulation by stimulating deep muscle activity.

### How will the infrared heat benefit me?

The controllable and soothing infrared heat will penetrate deep into soft tissue, dilating blood vessels, relaxing tired and aching muscles.

### What is the likely outcome of using the Cyclo-ssage System regularly?

Combining massage and heat treatments regularly is a very effective method of providing on-going pain relief while also helping the body generally work more efficiently.

### Where can the Therapy System be used?

The fully portable System can be used on any flat surface such as a bed or even on the floor.

### Is it simple to operate?

Yes: A hand held digital control will allow you to time and select your own personal treatments.

### Is it expensive to use?

No: It operates on a 12v transformed power supply using a maximum of approximately 85 watts.

### Do you have any customer testimonials?

You can view numerous testimonials on our website from medical professionals and customers who have found the system be a viable alternative to prescribed medication including painkillers.

### Is it medically approved?

The Cyclo-ssage Therapy System is an approved medical device, designed and engineered exclusively for Cyclo-ssage to the highest possible standards for individuals who suffer from chronic and disabling conditions.

### Do I have to pay Vat?

The System can be zero rated for Vat if you purchase the System for your personal use and you complete a self-declaration form stating that you suffer from a qualifying chronic medical condition.

## SOME OF OUR MANY CUSTOMER TESTIMONIALS

I bought the System as I am always looking for ways to help my condition without taking prescribed drugs. I now use the system once or twice a day and it has significantly improved my quality of life. The pain has reduced but the most noticeable difference is how much more energy I have. I wouldn't hesitate to recommend it.

**Mrs. Rowntree**

I have suffered with Fibromyalgia for 5 years. I haven't looked back or regretted my purchase. I have seen an improvement in my mobility and general energy levels. One of the main benefits is that I have been able to reduce some of my pain management medication.

**Barbara Neal.**

I recently purchased the Cyclo-ssage Pro Personal Therapy System and found that after using it a couple of times a day I am much more relaxed and my pain has eased considerably. I can highly recommend this product to Fibromyalgia sufferers. My life has so much improved since using this equipment. Thank you Cyclo-ssage.

## WHAT HAPPENS DURING A TREATMENT?

### NO PRESSURE SELLING

Cyclo-ssage has been established for a decade as a professional and caring company that has a genuine interest in the health of others. You will have the opportunity to personally experience the effectiveness of a Cyclo-ssage treatment so that you can make a considered and informed decision.

### YOU AND YOUR CONDITION

Before beginning a treatment you will be asked about your condition and how it affects you personally. You will then be asked to rate your level of pain before, and then again after the treatment has finished. This will clearly establish that the treatment has alleviated the secondary symptoms of your condition.

### A 20-MINUTE TREATMENT

A specific therapy programme will be selected to alleviate the secondary symptoms of your particular condition. After a twenty-minute treatment the vast majority of people experience a significant reduction in pain and ache, increased flexibility and a general feeling of well-being and relaxation.
